PST No.10 Exercises 11P and 8T

After the word picture from the SE or Supervising Examiner, you will go straight into the recap. Don't forget this is now your time to take control and watch everything the SE is doing, especially when they go to move off, a prime time to throw a fault your way. Remember go through the briefing as a check list, and miss nothing out, and prove you are a professional driving instructor.

For this PST, these areas need to be covered:

- normal position too close to the left

Faults which the SE may throw at you, remember don't get snow balled

- generally driving too fast
- inappropriate use of speed
- driving too slowly
